

TIIG North West Event 2020

The role of Emergency Department Data in informing injury and violence prevention initiatives

Thursday 5th March 2020

9:30am – 14:00pm

The Quaker Meeting House, 22 School Lane, Liverpool L1 3BT

Please join us for our annual TIIG North West Event. We have a range of engaging speakers who will be talking about routine collection and sharing of Emergency Department data and the ways they have made use of TIIG data in their injury and violence prevention work. In particular we will have a focus on Violence Reduction Units and their role in tackling violence across the North West. There will be opportunity for discussion and for stakeholders and partners to network and share ideas.
